

BY THE NUM8ER5:

One Year of Echo360 Lecture Capture

16,636,057 times

students have watched Echo360 videos

That's like every person in New York City tuning in twice

383,198,119 minutes
of lectures watched

That's 729 years of class time reclaimed for activities and learning

735,000
student users

They can fill up FC Barcelona's Camp Nou 7.5 times

Students tune in for an average session of

22½ minutes

That's longer than an episode of Seinfeld

Can your lecture capture solution handle the load?
