

FLAIL MOWERS

LOOK YOUR BEST.

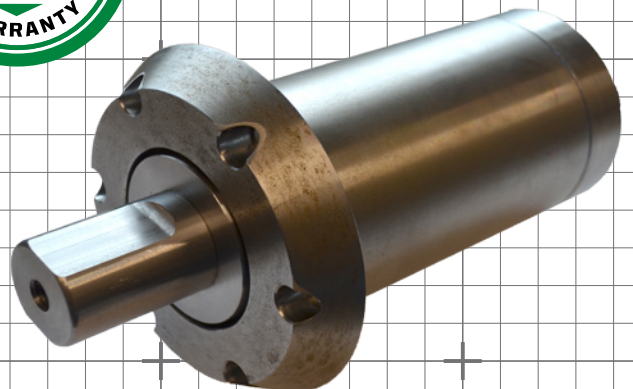

STYLE AND SUBSTANCE.

*Some jobs call for a little something special. Diamond's Flail Mowers provide a cut that's manicured and clean. As the toughest, safest, and most reliable in the market, you won't find a more precise piece of heavy-duty equipment, anywhere. Demand the Best. **DEMAND DIAMOND.***

INDUSTRY LEADING GROUND ROLLER.

- Diamond's flail ground roller leads the industry with a fully sealed bearing housing to prevent contamination.
- Lubricated in a sealed oil bath, the ground roller requires no daily maintenance or greasing.
- The tapered ground roller edge keeps turns smooth without scuffing, while decreasing wear from road edges.
- The increased clearance protects the bearing components and prevents material from catching and dragging.

FLAIL MOWERS

VERSATILE. RUGGED. SAFE.

Every Diamond Flail Mower features self-cleaning, reversible knives; replaceable skid shoes; adjustable roller height; and will cut grass and brush up to 2".

Less likely to propel objects than rotary mowers with a discharge flap to protect equipment, operator and bystanders - and the protective bonnet provides yet another layer of safety.

Featuring a Double V belt power transfer, self-adjusting tensioner. The easily replaceable Grip-Tite bearings on the cutter shaft extend product life.

SIDE FLAIL MOWER

- Hydraulically driven
- Available in 60", 75", or 90" widths

REAR FLAIL MOWER

- 540 PTO Drive
- Cat II 3-Point Hitch
- Available in 90" and 102" widths
- Available in center and offset models

TWIN FLAIL MOWER

- Hydraulically driven side and PTO rear
- Covers larger areas
- Highly efficient
- Offset option ensures overlap with side flail

TRIPLE FLAIL MOWER

- Available in 17-ft, 19-ft or 21.5-ft widths
- Hydraulically driven
- Most efficient to cover a large area

WANT MORE?
